THE VERY BEST MADE ENGLISH KNIVES WILL LAST A LIFETIME

Now is the time to secure a fine quality steel knife that may be used for almost any purpose. Absolutely the best made for the money.

A SHIPLoad We bought an entire shipment of these Knives Direct from the English Government. They were made as big as a new dollar, clean and in excellent condition. They were the best made Steel (English Steel) known to be made and used in the entire world. These blades must have cost the Government $4.00 or more to make in stepenous quantities.

TWO STYLES When we bought these knives they were all alike in every respect—12-inch blade, 4-inch hardwood handle, brass riveted through steel, length over all 16¾ inches, all bright and clean. Many of our customers prefer to take the 12-inch blade and cut it down to the length and shape they want it, which is easily done. But for those who want them ready sharpened, we have had them ground down to the size you want at the right. The sharpened knives have the same temper as before.

QUALITY No finer quality knife can possibly be manufactured. They are made by the English Government for use in her armies, and like the U. S. Government, England buys the best—she takes no risk in the quality of her weapons. The knife can certainly be broken, and the most seasoned hardwood has no effect on the edge. If you don’t find this true, return the knife at our expense. Sheffield Steel has no equal.

Owing to the scarcity of good steel in this country at the present time, we have had this Sheffield Steel made in different styles, of busker’s knives, carving knives, kitchen knives, and similar knives as are described on this page. When you buy one of these knives, you own a knife that will be a pleasure to use. The following is an exact quotation from the latter of the manufacturers who is transmitting this Sheffield Steel into the wonderful knives described on this page:

"My tempering is known as the best process in the Cutlery field, and in all my 42 years as a knife maker I never poured or forged a better piece of Steel than in these bayonets. They are too good for the Cutlery trade. There is not a knife made in the world (as a business) of such stock. Enough said." Signed J. E. Woodworth, Nunda, N. Y.

The reason we can sell each wonderful quality at such a low price is on account of the enormous purchase of this steel, which purchase was made before the present European War. Of course our quantity is becoming limited, and if you are interested let me have your order immediately, as first come, first served.

Please remember that our customers take no chance whatever in ordering these knives; they have the purchase on our guarantee. If the goods are not entirely satisfactory, return them to us and we will refund you, paying freight or exchange charges both ways.

BIG BARGAINS IN A RELIC SPRINGFIELD RIFLE BARREL

$1.00 Each.

Can furnish one that has been used or one that hasn't, at same price. State which is wanted.

We bought from the United States Government a large quantity of these army rifle barrels for only a fraction of their original cost, and offer them to you at only $1.00 each. Now is your chance to get a relic for practically nothing. Buy one while you can.

Description: These are the first breech-loading rifles our government ever used, and were brought out near the close of the Civil War. They were used till the more modern rifles were produced. The complete rifle to which these barrels belong is shown at your left. Length, 38 inches; weight, 4½ lbs; caliber, .45. Made of fine gun barrel steel, and will stand all kinds of tests. Used can be altered and made into a fine rifle or shotgun, any caliber or gauge you desire. The high quality steel will give you a much better gun than you can usually buy. These barrels can be used very effectively in den decorations. Every den and library should be decorated with them. The fact that these were the first breech-loading rifles our government ever used gives them a value as relics.

At our prices you can't afford not to lay in a supply.

### UNEQUAL VALUES IN POULTRY FENCES

**A SUPERIOR POULTRY FENCE**

Our Economy Poultry Fence is superior to any similar weight fence on the market. It can be used for almost any purpose. This fence is exactly the same as our Economy Farm Fence, but made of smaller wire and spacing between the wires is enough for even the smallest chick. The stay wire and line wire are twisted together, the fabric is very stiff, requiring less posts to support it. The wire will not break or sag, but will stand up very well. Bosses are made necessary by our Crown wire and the posts may be set lower. To keep the fence as low as possible, it is necessary to make the most practical and easily adjustable poultry fence on the market, which is not the case with the Economy Poultry Fence.

BARBED WIRE AND FENCING TOOLS

GUARANTEED BARBED WIRE

We guarantee that each spool of Barbed Wire contains full 80 rods, but the weights given are only approximate and are not guaranteed to be exact. These weights are not exact as we estimate the weight of each roll and sell them at a fraction of the weight. There are two sizes for each roll, 30 lb. and 50 lb., and we suggest that you buy a roll of each size.

ECONOMY WIRE

Ideal Barbed Wire 2-Point

Our Ideal Barbed Wire is made of No. 22 Heavy Galvanized Open-Heath Steel Wire, with 2-point style. It is put up only in 50-rod spools and sold by the roll. These spools are 3 inches apart and sold by each roll. We have found these rolls to be very satisfactory on the market and have sold a lot of them.

HEAVY WIRE

Ideal Barbed Wire 2-Point

Heavy Barbed Wire is made of No. 22 Heavy Galvanized Open-Heath Steel Wire, with 4-point style. It is put up only in 50-rod spools and sold by the roll. These rolls are 2 inches apart and sold by each roll. We have found these rolls to be very satisfactory on the market and have sold a lot of them.

GUARDIAN BARBED WIRE 3-POINT

Guardian Barbed Wire is made of No. 18 Heavy Galvanized Open-Heath Steel Wire, with 3-point style. It is put up only in 50-rod spools and sold by the roll. These rolls are 3 inches apart and sold by each roll. We have found these rolls to be very satisfactory on the market and have sold a lot of them.

OUR LARGE MODERN FACTORY ENABLES US TO UNDERSELL ALL MADE FROM BEST MATERIALS AND STRICTLY FRESH

Made strictly from the finest and freshest materials and by the most expert paint makers in the world. C. H. & S. House Paint gives the results you want. We make our paints in quantities large enough to ensure freshness. This is why we can undersell all. We guarantee you all the make-up for the money, consequently C. H. & S. House Paint will cost you less than half the price of any other similar quality of paint. We are so confident of the results obtained that we offer a guarantee against any damage done by our paint. With C. H. & S. House Paint you are sure of getting what you pay for. The superiority of our paint is proved by the fact that it has been used in the construction of numerous buildings throughout the country. The quality and value of the C. H. & S. Paint is guaranteed by us.

QUANTITY REQUIRED

To determine the amount of C. H. & S. House Paint to use, take one square foot of the area and divide it by 100. The result will be the number of gallons required. For example: A room of the size of a 10-foot by 12-foot room, 12 feet long, 20 feet wide, 10 feet high, and 10 feet wide; the room is 10 feet wide, 12 feet long, and 20 feet high. The total area of the room is 800 square feet. You would need 8 gallons of C. H. & S. House Paint for the walls and 8 gallons for the ceiling. The total number of gallons required is 16.

BLUE SERGE SUIT AND
EXTRA PANTS OF
SAME MATERIAL
Good, Serviceable Wool Mixed Blue Serge That Will Wear and Hold Its Shape and Color
A GENUINE $12.50 OUTFIT
THIS IS OUR BIGGEST SELLING ARTICLE OF CLOTHING

Our GREATEST SELLER. We sell thousands of this suit every season and have done so for years. It is one of the most marvelous values you ever had an example of the cloth will convince you that there is nothing equal to it on the market. We will gladly send you a liberal sample free for examination if you will ask for it. The price of $8.50 is necessary on account of greatly increased cost.

HOW REALIZED, of course. We do not offer this suit at the price we ask to make money on it. Every one will realize that it costs the price to produce it. Our sole and only object is to get new customers interested in our clothing department. When we can sell a suit of our clothing on you will have a permanent customer. This has invariably been the result in the past. We want you for a permanent customer; this suit and pair of extra pants will convince you that we can save you money. We claim that we sell clothing cheaper than any other house.

THE MATERIAL. The material that goes into this suit is not a fine cloth, but is what we say it is—a strong, substantial, well woven wool mixed serge of good weight, and will wear and hold its shape and give no end of service. Not a cheap cotton, nor a fine worsted worsted serge twilled cloth of exceptional wearing qualities.

STYLE. The new serge suit we carry is made up just like cut to your left. The new popular 5-button model is made, slightly rounded corners, long short suit; good serge fabric, suit faced, trousers, pleated front, long jacket, and perfect fitting effects around the shoulders and back. Has all the appearance and wearing qualities of suits costing twice this price. Vest is a 4-button close buttoning model, five pockets; vest back the same material as coat lining. Pants are made regular style. Belt loops, side buckles, whole inside turn-up at bottom for cuff if you want them. Handsomely tailored and finished. The extra trousers we give you are exactly like the regular trousers in every way—material, style, tailoring and finish.

The EXTRA TROUSERS will enable you to get practically twice the service from the same suit of clothes. We can prove it. Every one knows that a coat and vest will wear twice the two pair of pants. By having two pair of pants of the same material you double the life of the suit. We know from the number of these suits we sell that the idea of two pair of pants appeals to practically everybody.

STYLES. Made in men’s and young men’s sizes as follows: Coats $4 to $4.50; vests, $3 to $3.50; suits, $7 to $7.50. Also made in men’s Blue Serge Suit and extra pants of same material. ( Mention size), only $8.50.

EXTRA PANTS DIFFERENT COLOR. If you do not want the extra pants like suit you can have your choice of brown, blue, gray, and green or extra manufacturers, your suit specify kind of pants wanted we will send them like suit.

SHIPPING WEIGHT. This outfit can be sent by mail. Shipping weight about 7½ lbs. In the suit by mail will be sure to include enough postage. Your postmaster will tell you amount required if you will tell him the weight.

No, Wire. Men’s Blue Serge Suit and extra pants of same material. ( Mention size), only $8.50.

$8.50
WOOL MIXED BLUE GASCUMERE SUIT AND EXTRA PANTS OF DIFFERENT MATERIAL

SAME QUALITY. This suit is exactly the same quality as blue serge suit described above. It is made in same manner, lined and tailored same and made in the same size and is identical in every way except in the pattern.

MATERIALS. Made of good, substantial, well woven, long wearing novelty blue casumere. Dark navy blue back ground with faint stripe effect as shown in cut. Will wear equal to the blue serge and give just as good satisfaction. The extra pants are exactly quality as suit but are different color. Your choice of gray, blue, brown, or blue casumere, or blue serge. Will cut, fit, and equal in every way to the pants in the suit. Be sure to specify color you want.

STYLE AND TAILORING. Made up into a handsome three-button suit as shown, shape retaining convex front, perfectly shaped shoulders and arms, is a five-button close buttoning model. Back in same material as coat lining. Pants are made with belt loops, five pockets, wide turn-ups for cuff if you want them. In ording to make extra pants well tailored and finished, equal in appearance to suits costing twice this price.

HOW TO ORDER. Give us your size: short, waist and inseam, also color you want extra pants. If you do not mention color wanted extra pants, we will make a selection with this information we guarantee to fit and please you. Our GUARANTEE. We guarantee this outfit to please you in every way, to be the value we say it is and to fit you. If not entirely satisfied return it and your money and transportation charges will be refunded. Shipping weight average 7½ pounds.

LINOLEUM
Inlaid and Printed Linoleums at Prices Much Under the Usual Retail Prices.

Universal
Inlaid Linoleum is standard weight and very serviceable. It is renewable like paper and is long wearing. Comes only in two-yard width. Our "Reliance" Inlaid Linoleum is the same quality as "Universal" except that all patterns are in moulded effect instead of straight lines. It comes two yards wide. Both graces are fully guaranteed.

Printed Linoleum
Of quality, heavy and long wearing; has heavy enamel finish. Every yard guaranteed to please you.

Pro-Lino Floor Covering
A material with a heavy oak pattern in each red and the overall effect especially prepared to make it pliable and firm and the surface pattern pleasing. Price per running yard.

THE HOUSE OF A THOUSAND BARGAINS
THE VERY BEST MADE ENGLISH KNIVES WILL LAST A LIFETIME

Now is the time to secure a fine quality steel knife that may be used for almost any purpose. Absolutely the best knife made for the money.

A Shipload. We have an entire shipload of these knives from the British Government, amounting to several thousand, and our prices are below the lowest. The prices are integrated in tariffs and in exchange conditions.

Two Styles. Our World famous English knives are divided into two styles: the long and the short. The long knife is 10 inches in length with a 6-inch blade, 4 inch handle. Many of our customers prefer the short style. It is 8 inches long with a 3-inch blade and 5 inch handle. The blades are made of high quality steel and are tempered to hold a keen edge.

Quality. Our knives are made of high quality steel and are tempered to hold a keen edge. We guarantee them to be as good as the best made in the United States. Our prices are $4.00 for a short knife and $5.00 for a long knife.

Many Uses. Our knives have a variety of uses. They are excellent for cutting and slicing, for meat and for household purposes. They are also excellent for camping, for fishing, for hunting, and for general purposes. The blades are made of high quality steel and are tempered to hold a keen edge.

Price and Guarantee. As we said, these knives come at a price of $4.00 to $5.00. We guarantee them to be as good as the best made in the United States. If you are not satisfied, you may return them and get your money back.
